ABOUT ME

Textile Engineering student at Southeast University with an interest in textile manufacturing, quality control, sustainable textile technologies, and process improvement. Experienced in academic projects, teamwork, presentations, basic data analysis, and digital tools including Microsoft Office. Interested in gaining practical industry experience while applying academic knowledge and developing professional skills in the textile sector.

EDUCATION AND TRAINING

BSC in Textile Engineering

Southeast University [1 Oct 2025 – Current]

City: Dhaka | Country: Bangladesh

Higher Secondary Certificate (HSC)

Siddique Memorial School and College [1 Oct 2024]

City: Rangpur | Country: Bangladesh

Secondary School Certificate (SSC)

Kaikuri High School [28 Nov 2022]

City: Rangpur | Country: Bangladesh

PROJECTS

Meter Bridge Resistivity Study of Textile Yarns

- Measured and compared the electrical resistivity of cotton, polyester, and blended yarns using a meter bridge.
- Analyzed the relationship between fiber type, moisture regain, and electrical resistance.
- Prepared a laboratory report and presented the findings.

Wind Turbine-Based Electricity Generation Model

- Developed a working model demonstrating electricity generation using wind energy.
- Worked with a five-member team to design, assemble, and test the model.
- Presented the project and explained its working principle.

Identification of Functional Groups in Turmeric

- Investigated the functional groups present in turmeric using chemical tests.
- Recorded observations and analyzed the experimental results.
- Presented the findings during the project viva.

WORK EXPERIENCE

 **IT Support Assistant** – Rangpur, Bangladesh

IT & Computer Applications

[1 Dec 2022 – 1 May 2023]

- Helped individuals and small businesses with computer software and hardware troubleshooting.
- Provided training on MS Office applications and basic programming.
- Assisted in data entry, document formatting, and file management.

 **Managing Director** – Rangpur, Bangladesh

Volunteer work

[2022 – 2023]

- Provided basic computer training to underprivileged students.
- Assisted in setting up computers and troubleshooting issues.
- Organized tech awareness workshops.
